

 **ACIKLAR**  
FLOUR MILLS CO.

Açıklar Flour Mills is a leading wheat flour producer and exporter in Turkey. Our company has been in the wheat flour business since 25 years. In our modern facilities with a daily production capacity of 500MT, we produce different kinds of wheat flour for many production purposes and according to our customer's demands. We have a huge flour distribution network in the country. Our bread production plant, which is another food production line among our group, produces more than 100.000 pieces of bread daily and distributes to many well known national supermarket chains which proves our flour quality and end user satisfaction every day again and again. Açıklar Flour Mills is producing

following bread flour types such as; bread flour, home use flour and multipurpose wheat flour for different production purposes, packed in 50 kg and 25 kg bags. Besides we also produce flour for noodle, biscuit, waffle and aqua feed.

Besides the big market share in the country Açıklar Flour Mills is exporting its wheat flour to many countries in the world. Our Mill is producing favorable products in accordance with TSE, HACCP, ISO and HALAL certificates .

Açıklar Flour Mills also has its own truck fleet and transports its products promptly to the end destinations and container loading ports.
